## New Cream Jar Refill System with Matte Finish

Containers shown : RECS-50 REFILL/RECS-50 CASE Textured  
Accessories shown : RECS-50 REFILL CAP/RECS-50 CAP Textured  
RECS-50 INNER LID

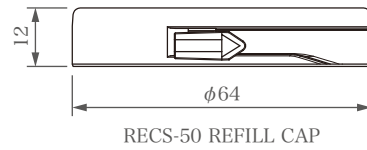

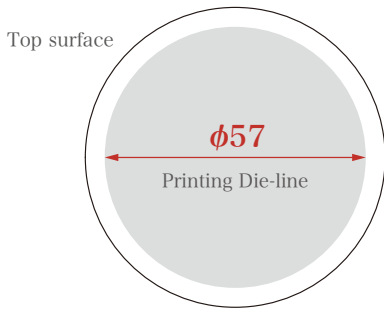

Introducing a refill jar system with a luxurious matte finish. It comes in a 50ml size and you can choose whether or not to include an inner lid. Using the inner lid helps prevent the formula from sticking to the inside of the cap and also allows for easy storage of a spatula.

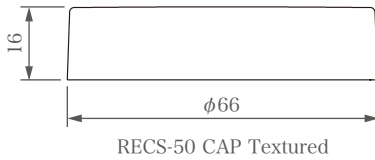

The case and cap are also available in gloss finish.
